

GP Clinics that Can Complete the Disability Verification Form (DVF) for Physical Disability

1. Persons with physical disabilities seeking verification for their disability status using the Disability Verification Form (DVF) may seek assistance from a healthcare professional, such as a General Practitioner (GP), as part of the verification process.

If you already have a Ministry of Health (MOH) Functional Assessment Report (FAR) dated from 8 September 2025 onward, **you do not need a DVF**. You may submit your FAR directly for verification or for application to MSF disability schemes and services.

2. A list of GP clinics that can assist, including their locations, is provided in the table below.
